HONGFA / PROJECT PREPARATION

PVC / CPVC screw & barrel RFQ checklist

Preparation worksheet, not a quotation or confirmed technical specification. No information is sent by downloading this file. Supply, material and compatibility require review. Do not use third-party alloy names as proof of equivalence.

01. Company / project reference

02. Contact route (to be confirmed)

03. Application: pipe / conduit / profile / sheet / WPC / other

04. Material grade / formulation

05. Filler, additives and shared composition details

06. Machine manufacturer / model

07. Conical / parallel / single / to be verified

08. Existing screw and barrel drawing numbers

09. Drawing revision and units

10. Diameter / geometry from drawing

11. Drive and mounting interfaces

PVC / CPVC screw & barrel RFQ checklist
